My name is Billy D. DeCosta. I was born in Makaweli, attended catholic school where profound principles were rooted into my character, and graduated from Humboldt State University, majoring in business management and speech communications, and later from Chaminade University. I am currently a high school teacher and a Kaua'i county open space Commissioner.

Growing up, my father taught me the importance of having integrity, veracity, and honesty. He taught me to be proud of the man reflected back at me in the mirror. I live my life by these principles.

The Kaua'i we once knew is rapidly disappearing, and we are facing monumental issues. There is too much development with too little astuteness to its impact on our future. Real estate is over priced. There are no truly affordable housing developments. Crime and drugs run rampant. There is far too much nepotism in our government, and most of all the voices of the community are not being heard. Those who know me, know me as a leader with a strong voice. I believe that my voice can be the voice of the people. I believe that together we can face these problems with thoughtfulness toward the future remembering the values of 'ohana, mana'o, and lokahi.

Solutions to these problems are found in the hearts and minds of every Kaua'ian. As your politician I'll work to make your solutions a reality.

In the past, you've voted for the rest now believe in me and vote for the best.
